Processing Plant

Our licensed processing plant, located in Little Britain, Ontario, has qualified employees that can process a high volume of products on a weekly basis. Our plant is provincially inspected and fully certified. Food safety and sanitation of our plant is our top priority. Our products are produced without additives or preservatives. We are able to consistently provide our customers with fresh great tasting nutritious products.

Company Philosophy

Little Britain Meat Packers is committed to providing the best quality products in the industry at the most reasonable price. We are focused on meeting the nutritional and culinary needs of our customers. We are also flexible and innovative to satisfy all our customer needs.

Distribution

Little Britain Meat Packers has refrigerated trucks and deliver in the GTA with future plans for expansion. This allows us to provide you with personalized service to your front door. We guarantee accurate, reliable on-time deliveries.
